

We started in 2008 with a political decisionproces about the mission, the aims and the way of working together. All partners decided to go for the first three years. Year planning and annual reports supports this political involvement

Mission: Beside promotion of the region and profiling Zealand-Flanders, development of the labour market and the stimulation of immigration are also fields of co-operation. After evaluation in 2010 we 've got the possibility to continue another 2 years.
