

Cooperation with the Association Ghent University was developed.

- 1) Contacts between innovative Zealand-Flanders entrepreneurs and Ghent University are started and developed aiming knowledge development and innovative technologic research with innovative SME companies.
- 2) Stimulating students to work and live in Zeeland Flanders by offering traineeship during the studies.
- 3) Enthusiasm new students living in the region Zealand-Flanders to study at the Associated University of Ghent.
- 4) Development of a preparation class to tune qualifications in education for cross border studies.

All this led to an open meeting in the theatre with all the official partners in which they singed in public an intention declaration for structural intense cooperation the coming four years on all the points here above.
