

In this component, the names and contact details of the **Vital Rural Area** participants (project partners, scientific group and project management) are made available. If you click on one of the links below the information concerned will be shown in a second screen, step by step, from general to more specific. If you want to print or e-mail the data, please click the appropriate button in the horizontal navigation bar.

If the information provided, is not complete or correct, be so kind to inform the [project management](#).
